Physical Comedy and Modern Clowning Workshop

IN
2010

A Unique Opportunity - Never Before Available

An intensive course in physical theatre which reveals the necessary skillset a modern-day physical comedian must have. Lead by couple Gordon White and Elaine Brewer-White - Gordon has appeared as a lead clown performer for Cirque du Soleil for over 10 years and is currently featured in Cirque's new NYC based vaudeville show: *Banana Shpeel*. Elaine is head facilitator for the corporate entertainment company, *The Comedy Factory*, and has taught improv and clowning workshops across North America.

This course is geared to grooming potential candidates for Cirque du Soleil auditions to be held in Vancouver in late spring of 2010. Cirque du Soleil is currently casting for a multitude of clowning roles in shows featured from Vegas to Japan.

January 17 is a rare opportunity to work with both instructors in an rigorous 5 hour program.

March 14 is a follow-up workshop with Elaine to review audition material and polish presentation skills.

Space is limited, early application is recommended.
